Note, that the oldest child is considered the primary registration and pays the full amount.

TEAM SELECTION POLICY

The Club's policies relating to team selection and match playing time have been developed from the Club's philosophy that junior soccer should be based on the principles of fun & enjoyment, fair play, good sportsmanship, and skill & fitness development.

GENERAL

- All players will play in their own age group unless deemed otherwise by the Club (Coaching Director).
- If there is more than one team in a specific age group, players will be grouped in accordance with ability and level of competition.
- If a player is deemed by the Club to be advanced for his age group and ready for a tougher challenge, he/she may be moved up to a higher age group with the parents' consent.
- Prior to any player being moved above their age for any significant period, the Club will consider both the benefits to the individual in question balanced with the impact on the player's current team. The ultimate decision will rest with the Club's Football Committee.

From time to time coaches from the higher age teams may ask for assistance from younger interested players if there are vacancies due to injury, illness etc. This will be a one off or short term

MINIROOS – UNDER 6, 7, 8, 9, 10 AND 11'S

MiniRoos is a modified version of football, structured to address the needs of young players. The basis of MiniRoos is that participants play on smaller fields and with smaller numbers. The intention is that they will interact with the ball more often and having to make less complicated decisions. The result for participants is more fun (more successful interactions) and better skill/technique development.

PLAYING TIME - UNDER 9'S AND UNDER 11'S

The Club's policy is that all MiniRoos players are given roughly equal time on the ground during games, subject to the Coach's discretion.

The Coach has discretion where:

- a player does not attend training/games without reasonable explanation
- a player is obviously injured or struggling in a game
- a player is disrespectful towards the coach, team mates or opposition players

As players progress in age, the game's structure also changes to become more competitive as teams compete for points. The FFV maintains a competition ladder and grades teams the following year in accordance with results in order to sustain healthy competitions.

To advance the Club, assessment and selection of players for these competitions starts to assume priority. Our long term aim is to have our teams competing in the highest possible league and based on their ability.

Trials and assessment of players is made during pre-season training. Maximum squad sizes apply – these differ by age groups. Selection will be at the sole discretion of the Club and its coaches, based on a number of aspects including skills, suitability for particular position, attitude and commitment to training and performance.

COMMITTEE MEETING

There is a monthly committee meeting conducted on the 1st Monday of each month. The committee is elected at the AGM and consists of both executive and non-executive.

The committee presides over all financial and non-financial decisions made during the day to day running of the club.
